

California OES Weather Threat Briefing

Saturday, April 3, 2021
9:00 AM PST

Day 1 (Saturday): Locally gusty winds and low humidity will lead to elevated fire weather conditions across the southern California mountains this afternoon.

National Weather Service

*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

04/03/21 - 04/09/21

Saturday-Friday

- Very warm temperatures continue through Sunday, with near record-values possible across the southern desert locations
- Periods of gusty winds will continue through Tuesday, with localized elevated fire weather conditions expected, especially Sunday and Monday when the strongest gusts are forecast
- Very light precipitation is possible across northern California Sunday night and Monday, with any amounts look to be less than one-tenth of an inch
